Case Study Private Office, Macao

- Red wine and Whisky Cabinet
- Combination of wooden decorative finish and stainless steel

Wine Cellar Project In Macau

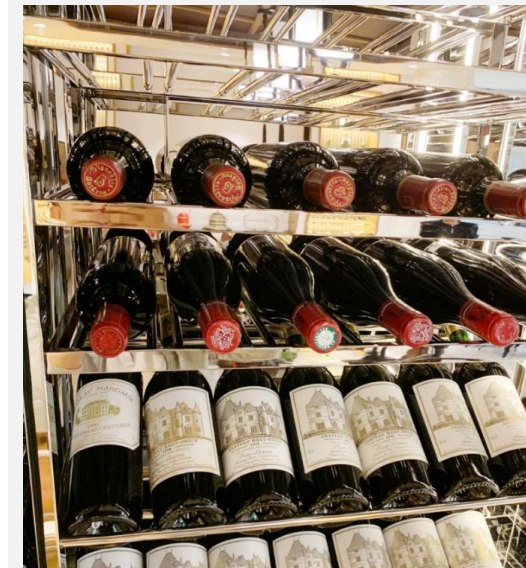

Red Wine &

Whisky Cabinet

We are proud and honored to provide our wine cabinets for our customer's office in Macau.

Upper part is designed for red wine storage that kept with 12 ~ 18 °C. While the lower part is used for whisky storage that keep at constant room temperature. Champagne gold stainless steel is used as exterior materials and mirror stainless steel as interior materials. It greatly presents the exemplary combination of wooden decorative finish and stainless steel.

We would like to extend our appreciation again to our client for their trust.

“WINE IS MORE THAN A BEVERAGE, IT’S A LIFESTYLE.”
